

MOON / UNIFORM DOTS

Actual Moon diameter: 50 mm | Print at actual size / 100%

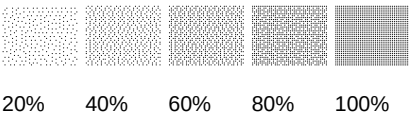

01 / STANDARD

Dot 0.15 mm / Grid 0.25 mm

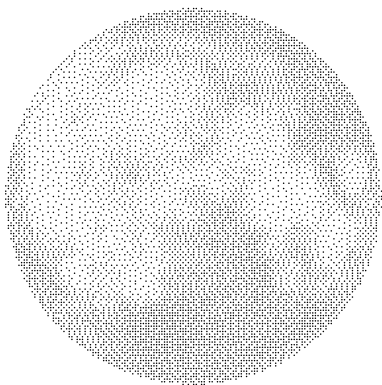

Clear gap: 0.10 mm minimum
14,667 equal-size dots

GRID OCCUPANCY

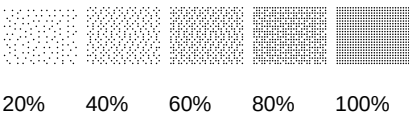

02 / EXTRA COARSE

Dot 0.20 mm / Grid 0.35 mm

Clear gap: 0.15 mm minimum
7,461 equal-size dots

GRID OCCUPANCY

Dots should stay round and separate, including in the densest patches.

50 mm CALIBRATION

Measure between the two end ticks.
The distance must be 50 mm.

PRINTING

Use actual size (100%). Disable Fit to page / Shrink to fit.
Each Moon is a separate pattern. Each pattern uses one dot diameter.
Black dots on white background. Density alone carries the lunar detail.
